

AYUSH RANJAN, Computer Engineer

Bengaluru, Karnataka 560094, India, 7986771293, ayush25252@flash.co

Date of birth	07 March 2005	Nationality	Indian
Place of birth	Bihar		

PROFILE	I am a results-driven Computer Science Engineering student with a deep passion for building intelligent, human-centric technology. Currently in my final year, I have successfully spearheaded the development of a gesture-controlled virtual mouse, leveraging advanced Computer Vision to redefine human-computer interaction. My expertise spans Python, AI/ML, Computer Vision and Web Development, and I am driven by the challenge of solving complex problems through innovative software solutions.

EDUCATION

Apr 2019 — Jun 2020	Class 10th, KENDRIYA VIDYALAYA SECTOR 31	Chandigarh
	Completed CBSE Class 10 with emphasis on Mathematics and Science; developed strong analytical and problem-solving skills.	
Apr 2021 — Jun 2022	Class 12th, KENDRIYA VIDYALAYA HEBBAL	Bengaluru
	Completed CBSE Class 12 with rigorous coursework that enhanced critical thinking, quantitative reasoning, and laboratory and research skills; completed project work and presentations to refine communication and teamwork.	
Nov 2022 — Nov 2026	B. Tech in CSE, M S Ramaiah University Of Applied Sciences	Bengaluru
	Pursuing B.Tech in Computer Science and Engineering (expected Nov 2026). Focus areas include data structures and algorithms, artificial intelligence, operating systems, and machine learning; engaged in team-based computer vision development projects and practical coursework to strengthen programming and problem-solving skills.	

SKILLS	Computer vision	Skilful	C language	Beginner
	Cybersecurity	Skilful	Time management	Expert
	Python language	Experienced	Tools like Github, MS Office, Flutter, Canva, Adobe Creatives	Experienced
	Tensor Flow	Beginner		
	OpenCV	Skilful	Team Collaboration	Experienced
	Scikit-learn	Beginner	Problem Solving	Experienced

HOBBIES

Competitive Sports & F1

Passionate follower of Formula 1 and an active badminton player, enjoying the speed, precision, and physical discipline required in competitive sports.

Football Enthusiast

Avid football fan, enjoying both the strategic depth of the game and the community aspect of the sport.

Strategic Gaming

Skilled in tactical gaming, using strategic thinking and quick reflexes to navigate complex gameplay and problem-solve.

Tech Innovation & Discovery

Enthusiastic about exploring the latest technological innovations, particularly advancements in AI, machine learning, and computer vision.
